

THE REACH MINI MOBILE MUSEUM

The REACH Mini Mobile Museum is a hands-on display representing the five major exhibit themes of the REACH Museum and its curriculum, Courses and Tributaries. The REACH Mini Mobile Museum consists of approximately 50 artifacts to illuminate the Geologic Past, the Columbia River, the Shrub-Steppe, Northwest Explorers, and the Hanford Project.

With the REACH Mini Mobile Museum, REACH Museum educators bring the artifacts to your site, arrange the display, interpret the objects, and answer questions. The REACH Mini Mobile Museum is ideal for school events.

The cost of the REACH Mini Mobile Museum is \$90 per visit. Schools must provide at least 4 tables for the full display. Schools outside of the Tri-Cities range of Richland, Kennewick, Pasco, and West Richland will be charged mileage at the federal rate (56 cents per mile)
